

Southwest Adams County Fire Rescue
Firefighter Josh Venerable

Firefighter Josh Venerable has only been with the fire department for a short time beginning in 2007 but in that time, he has participated in many different programs that the department has. He is one of those people who signs up and participates in programs that take a lot of time and effort.

Josh has worked with several different agencies including Foothills and Golden Fire Departments honing his skills for a career position. He is a member of our tech rescue team which comprises firefighters who are committed to different types of specialized training such as swift water rescue, collapse, and trench rescue, and low and high angle rescue. During Hurricane Katrina, he was deployed to Louisiana to assist in rescue efforts.

Josh is also involved with our reserve program in being the liaison between them and the career personnel. He has worked on several recruit fire academies and has just entered our fire investigation team.

Josh is a very dedicated employee who wants to be a part of the challenges that the fire department face every day. The firefighters salute Josh Venerable as our firefighter of the year
