

FIREFIGHTER OF THE YEAR
TODD STOCKFORD

Todd Stockford was nominated for Firefighter of the Year because of all he does for the community, the District, and his fellow employees. Todd has been with the District as a Paramedic/Firefighter for approximately eight years. Todd is married to his lovely wife Erica and has two children.

He obtained his Car Seat Technician certification on his own time and cost so that he could install car seats properly to keep children safe. The certification has to be renewed every two years and takes 40 classroom hours to obtain.

He is Treasurer and Secretary of the Firefighter's Local Union 4386.

Todd keeps the District's website updated with all the current information for the public. This is not as easy as it sounds as he has to round up all the information from various sources and shifts.

He sits on the review committee that does quality control for all the ambulance calls. This is a very necessary job to ensure that we stay compliant with our EMS reporting.

He is taking on the job of writing a quarterly newsletter for the District.

His Captain, Thom Jeffries, reports that Todd will mention that something needs to be done and before he turns around, Todd has taken care of it. He is a quiet person but does a lot behind the scenes.

Some other comments from fellow staff members include: diligent, meticulous, great bedside manner, very caring paramedic, committed family man, avid runner, and gets along with everybody.

Congratulations Todd, you are a great representative for the SWAC Fire Department.
